Dear Dr. Burling

I am writing this note to thank you for sending me a copy of your research paper on "John Richard, U.C. of Isle Tanti Prince Edward County". As you noted on the cover Alice Fiske remembered my interest in any of the stories involving Bonway village where I have my retirement farm.

I enjoyed the story of the Richard family very much and it probably explains a grave site on the farm now owned by Gert Kemp about two miles west of Bonway. The grave(s) site is located on a slight knoll between Highway 33 and the shore line but no one to whom I have.

talked has the slightest idea of the identity of who may be buried there.

I have only owned property at Conway since 1967 having formerly had a house in Nazarene. I was raised in the Port Credit area west of Toronto when it was still a train ride to Toronto and we frequently drove a horse and buggy to a farm near the station and then took the train.

My maternal grandmother who died before I was born, was raised near Trenton and was named Mary Lott. My mother recalled visiting the Trenton area as a small girl but being only about ten had no recollection of the location or whereabouts of any of the Lott

[illegible]

connection. She did mention from time to time a Philip Lott and an Andrew Lott who may have been great uncles.

In your paper on the Richard family you mention that over the years you have accumulated voluminous files on various historical families and similar subjects. It would be interesting to know if the Lott family name is mentioned in any of them. So far as best of my knowledge my maternal great grandmother emigrated from Ireland with a married sister who settled in the Bay of Chumbe district. She met and a married one of the "Lott" family who are reputed to settled in the area as H. E. L. from Pennsylvania of Dutch descent.

You will notice that I am writing

Handwritten text, likely a letter or document, written in cursive script. The text is extremely faded and illegible due to the quality of the scan. It appears to be a single page of writing on a light-colored background.

this note at Labrador City Nfld., though I  
 have given it my permanent address as RR. no  
 1 Bath. I trust you will not think me  
 too impudent to enquire about my connection  
 with the Bell family and hope to be able to  
 discuss this with you the next time I am  
 home and we can arrange to talk this over.

Again thank you very much for  
 the interesting story of John Richard and  
 his descendants.

Yours sincerely

Dear Dr. Burleigh.

We wish to thank you for the information and assistance you gave us on Nov. 20. Since then we have received some more information from Albany N. Y. including photocopies of the first two pages of a book, The Lott Family in America by A. V. Phillips, published in Trenton N. J. in 1942. We intend to try to get our hands on the entire book. From this and other sources we are compiling a few pages that we would like to bring to you to have

(2)

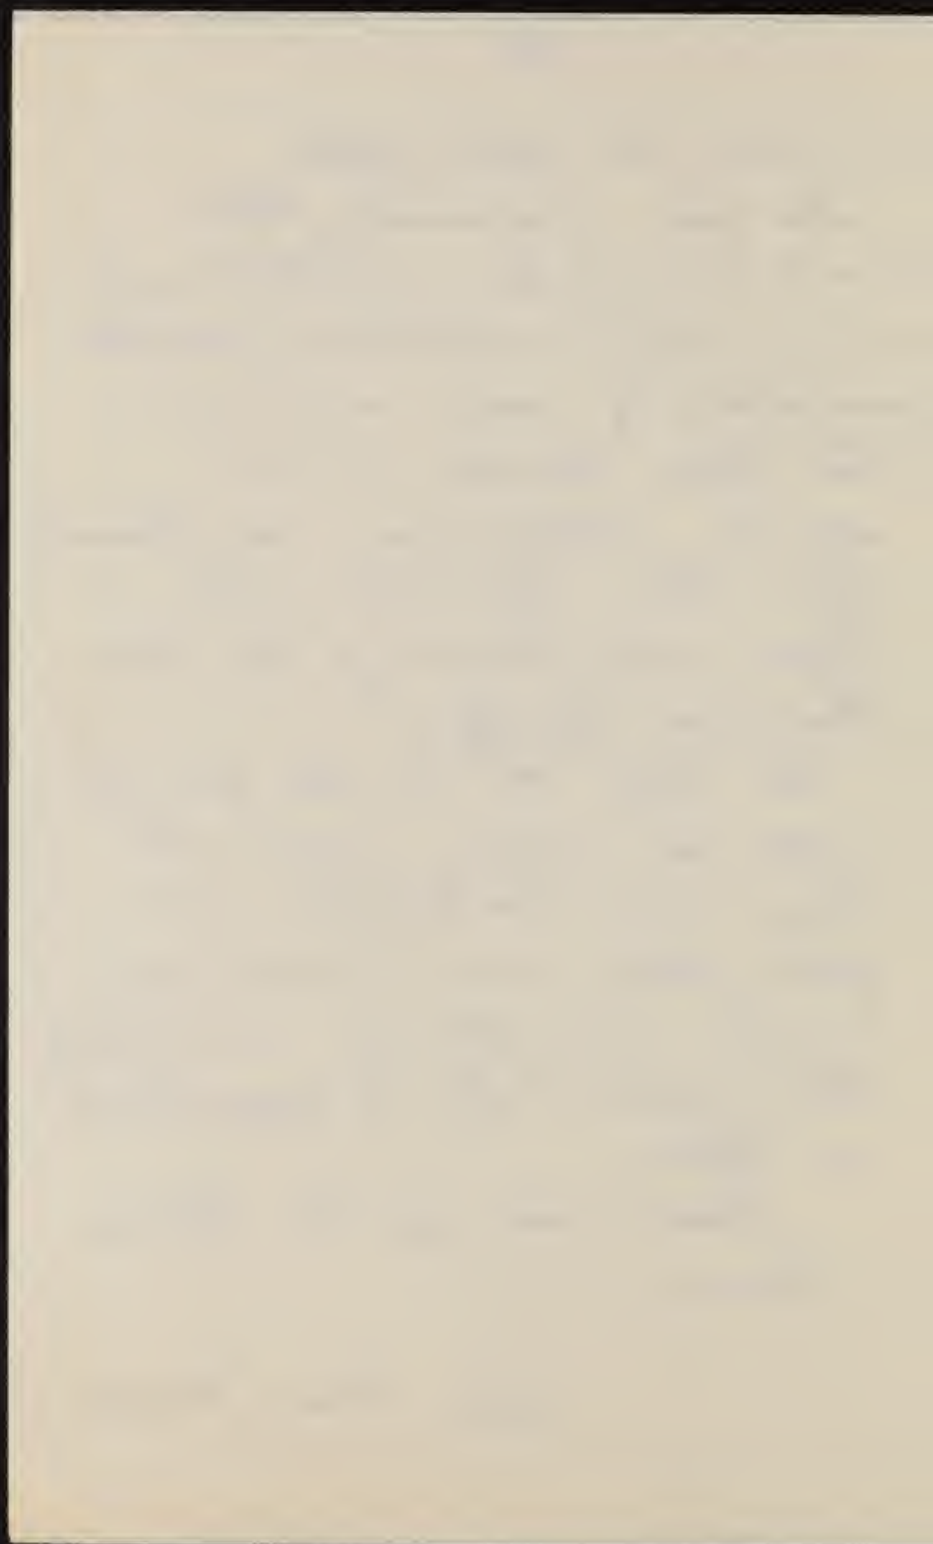

included in your file

We have discovered that Trent University in Peterborough has a large collection (mostly donated) of early material on New York history. We are slowly working our way through this. They also have the Papers and Records of the Ont. Historical Society.

We hope to be able to visit with you again soon to bring some contributions to your files and to check on a few more family connections. We'll phone for an appointment as before.

Best wishes for the Holiday Season

### The Lott Family in Ontario

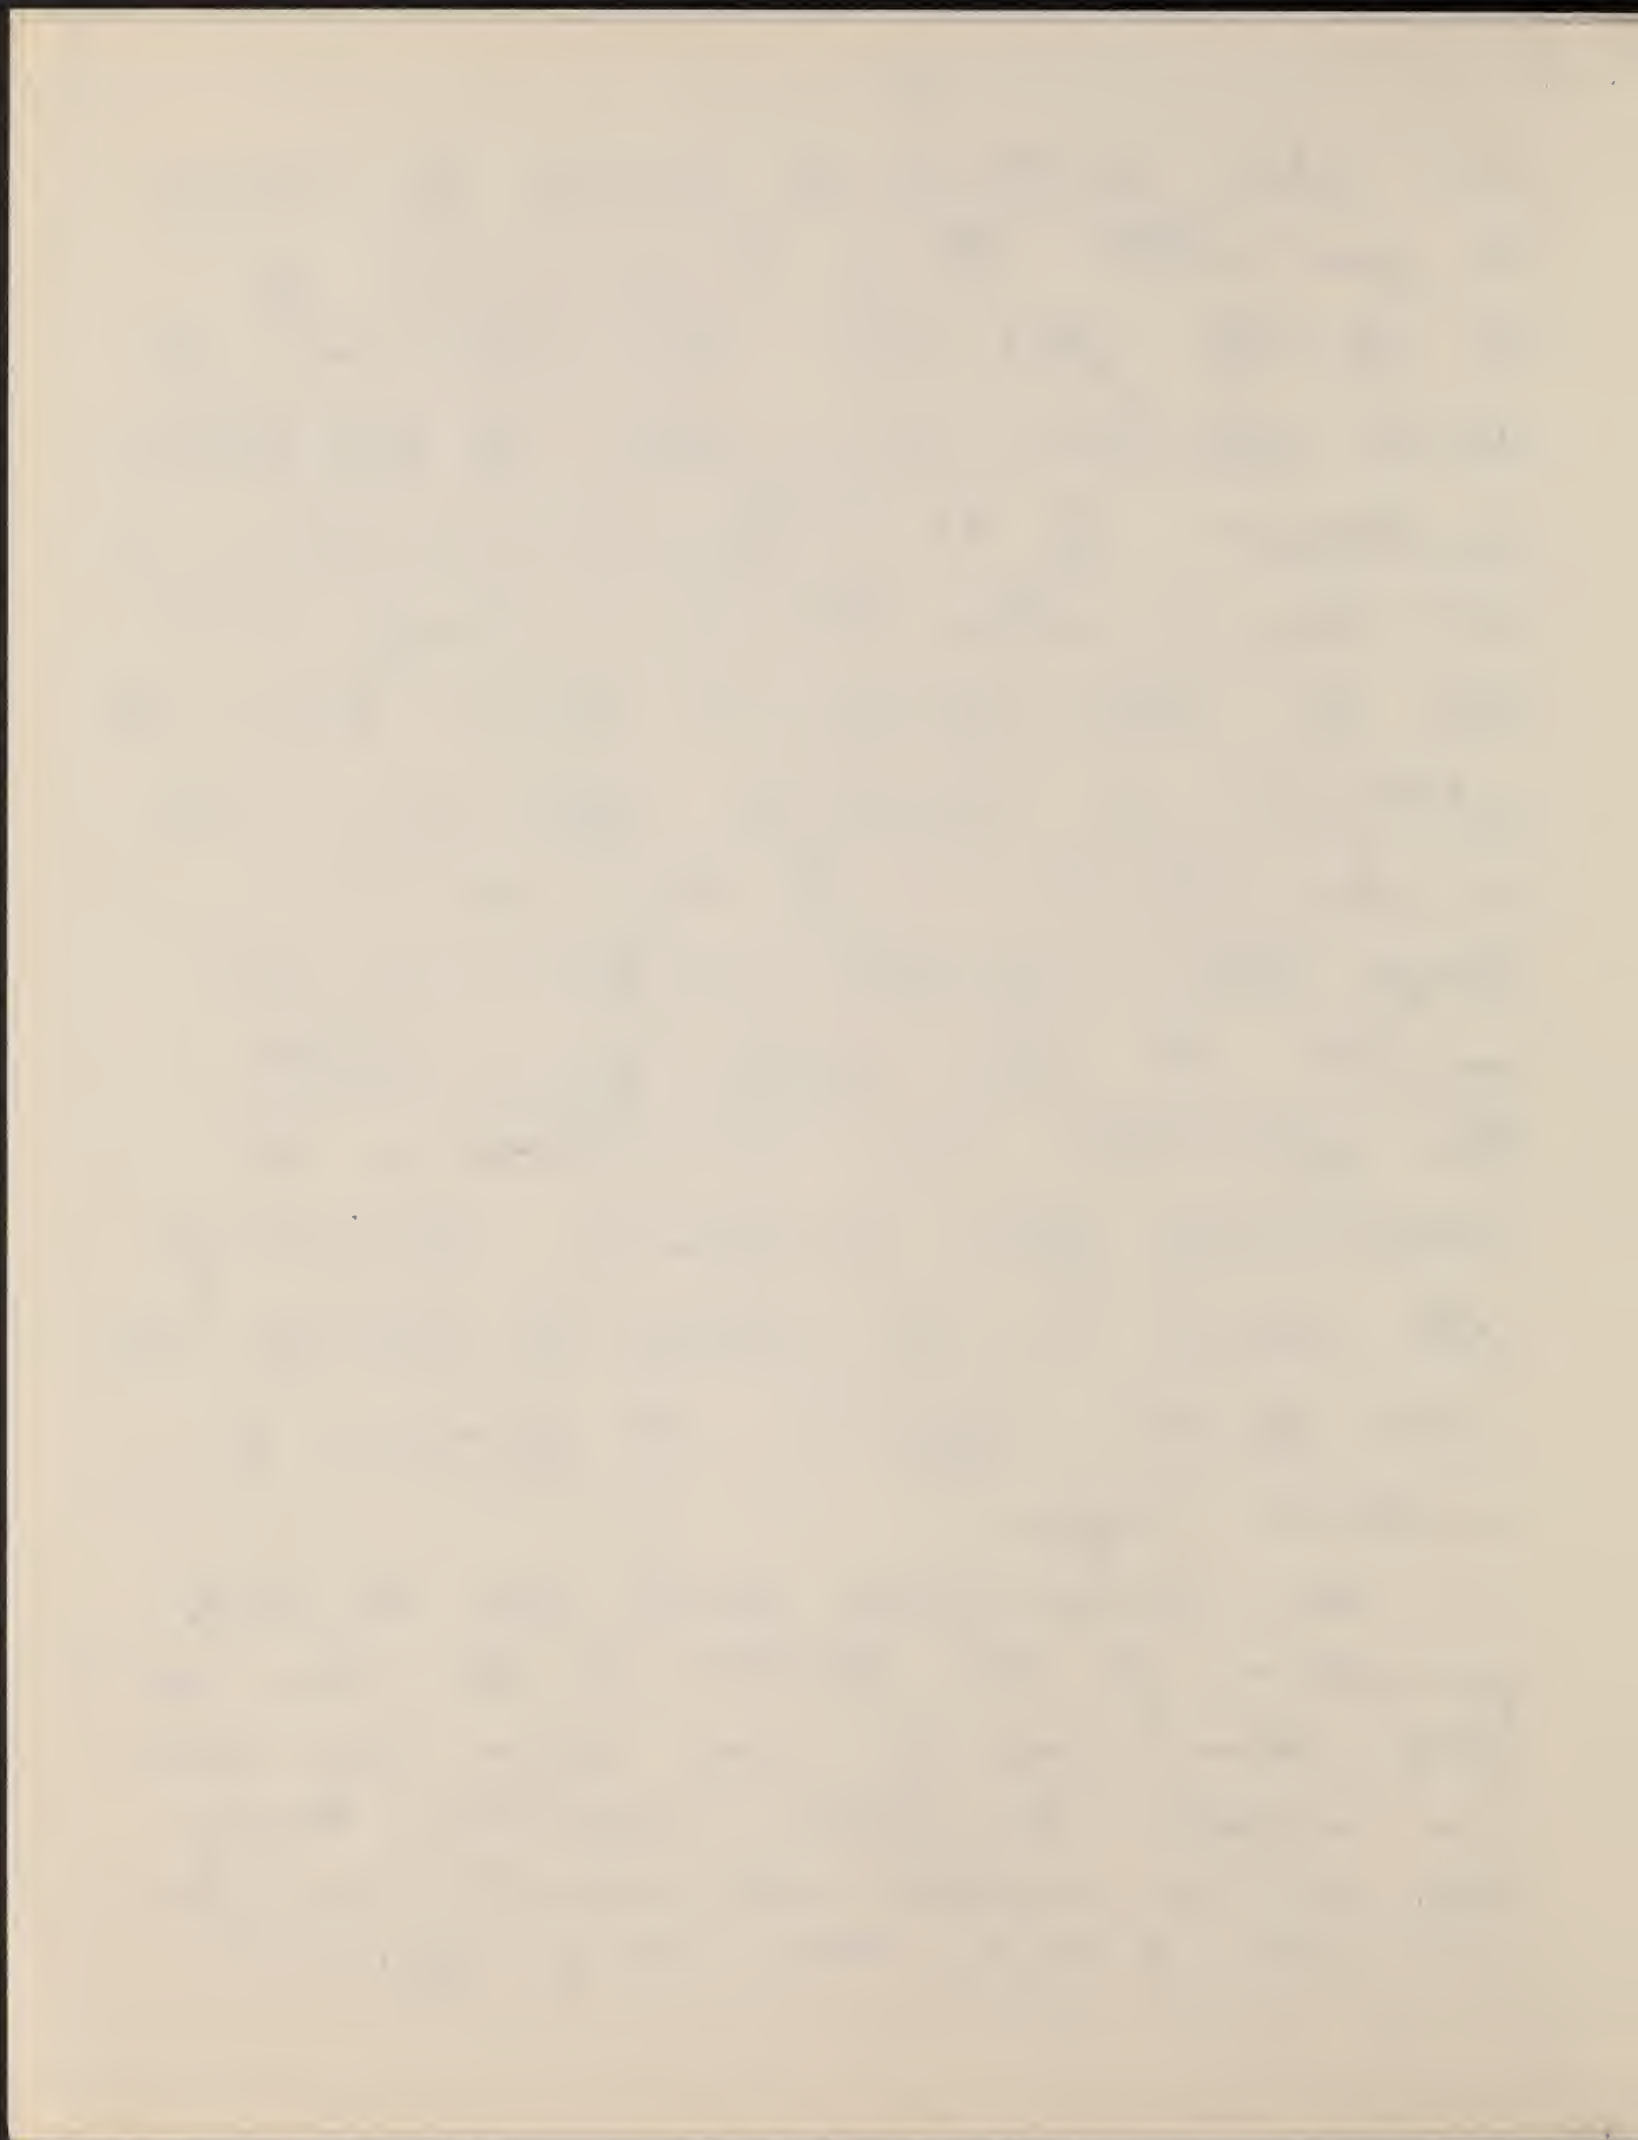

In the late 1700's, three Lotts came to Canada apparently from New York State. John (or Johannes) Lott came as a U.E. Loyalist in 1787. Jonas and Andrew (or Andreas) came as settlers in 1794. They all took up residence in Sidney township, Hastings County. Some verbal and written accounts refer to them as brothers. This was generally assumed to be true but is denied in Pioneer Life of the Bay of Quinte. The difference in age between John and the other two make it difficult to accept the fact of them being brothers. John's daughter ~~Margaret~~ <sup>Elizabeth</sup> was born in 1760 while Jonas was not born until 1776. Andrew's eldest child was born in 1796.

There is a considerable disagreement about the national origin of the three Lotts. One newspaper account and Pioneer Life of the Bay of Quinte clearly state that they were Scottish, having

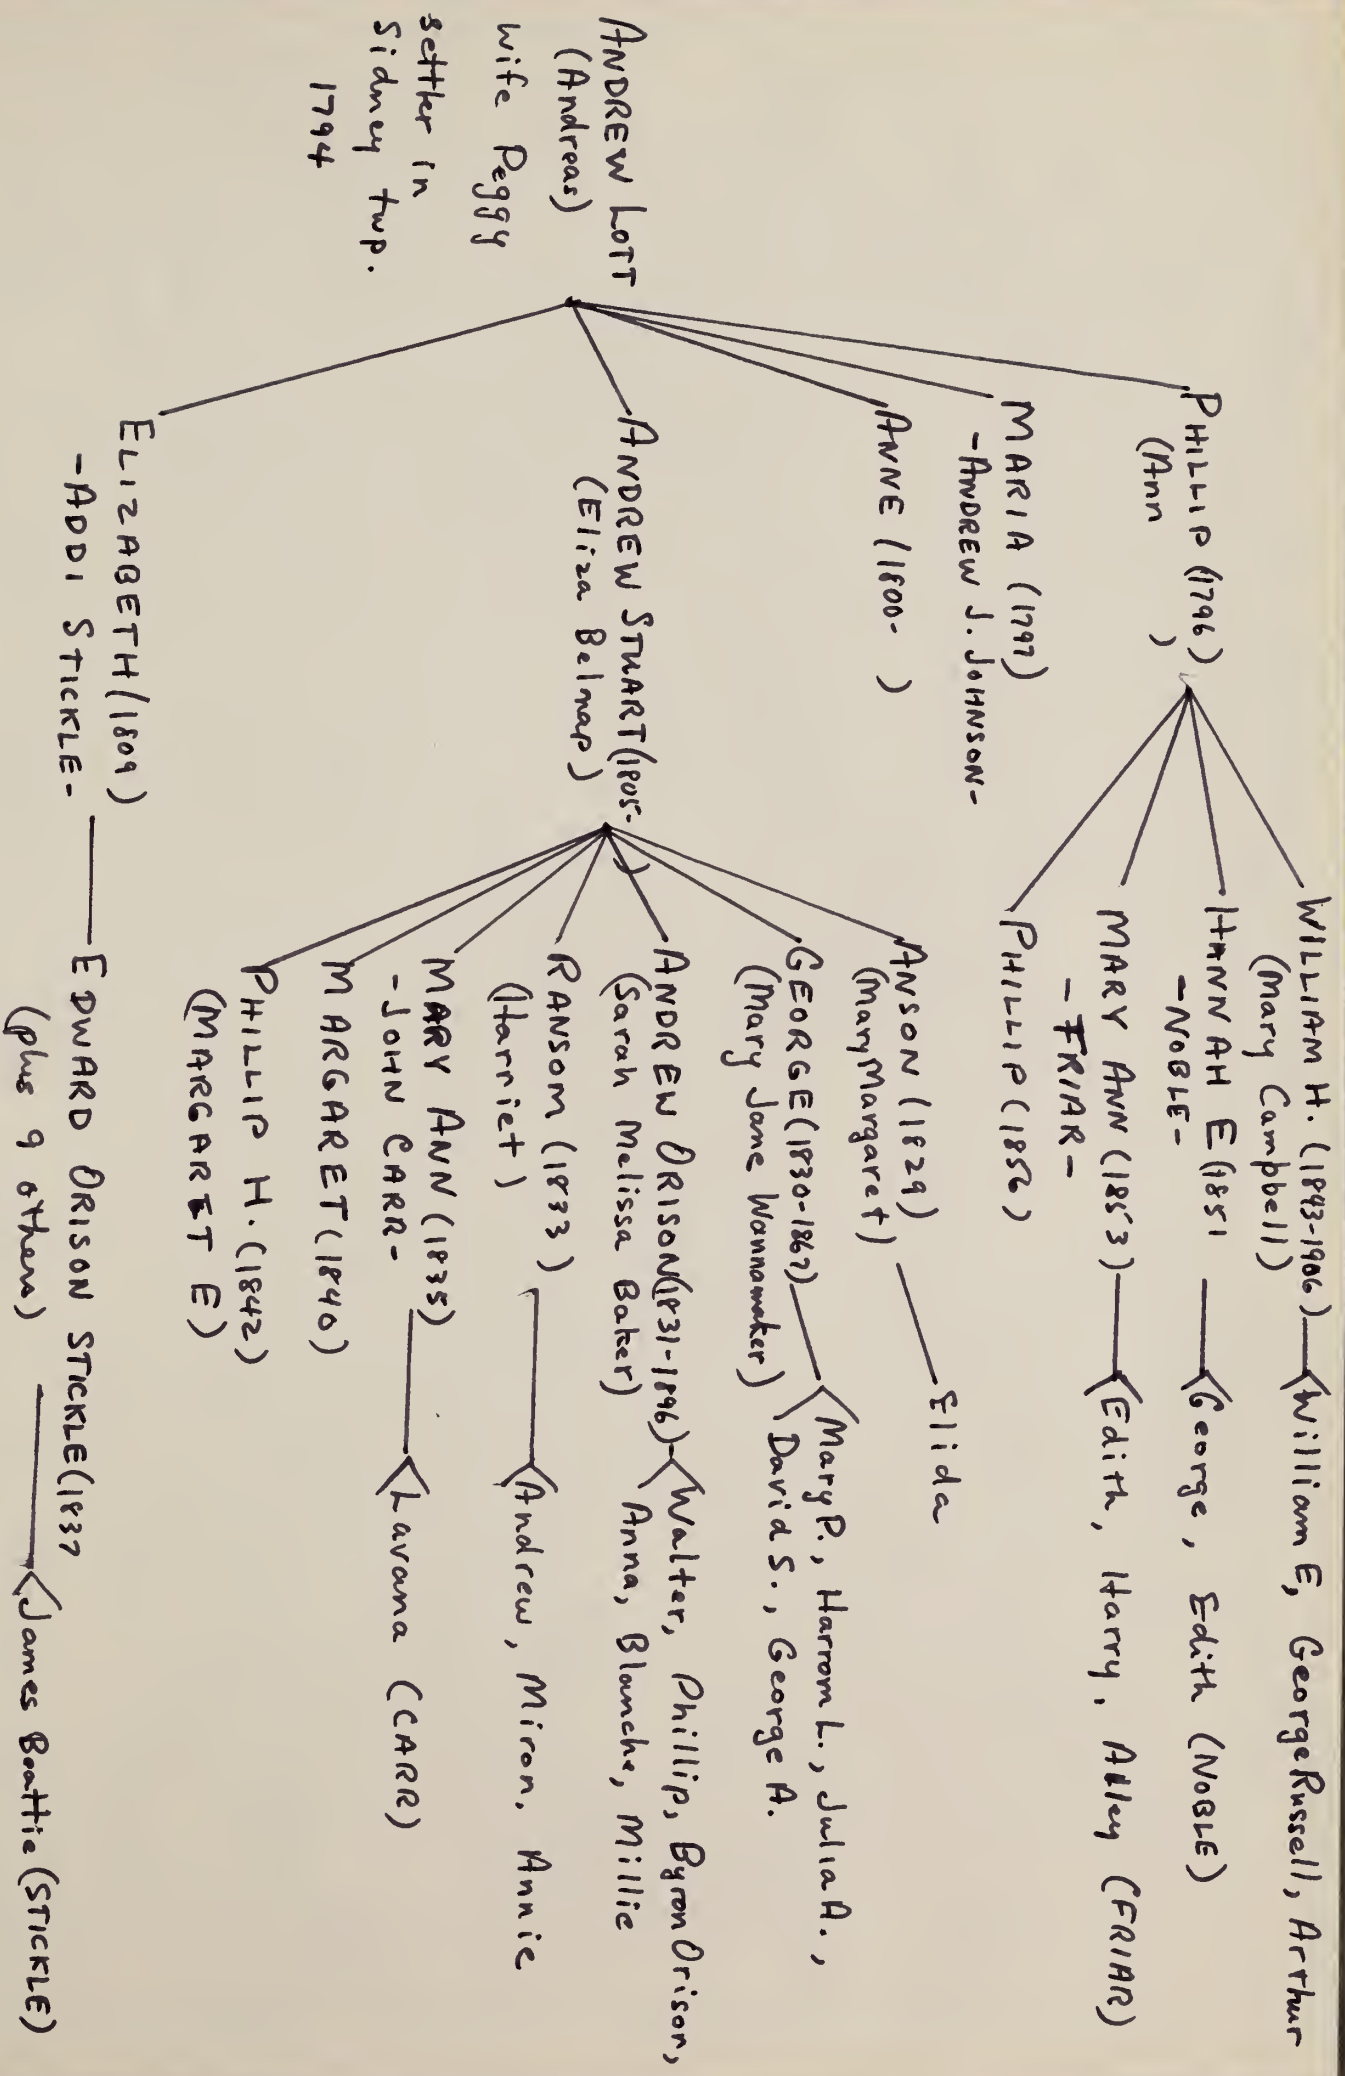

come from Scotland to Canada by way of New York State. Many living members of the family feel sure that they were of Dutch extraction. In a book The Lott Family in America by A.V. Phillips 1942, (available in the state library in Albany N.Y.) it is clearly stated that the Lott family is Dutch, being well established in Amsterdam before 1600 and on Long Island in the 1600's and 1700's. George Lott, a grandson of John senior, is reported to have spoken fluent Dutch. This information does not allow us to draw any firm conclusion. A search of the sources in the library at Albany may shed further light on the question of national origin.

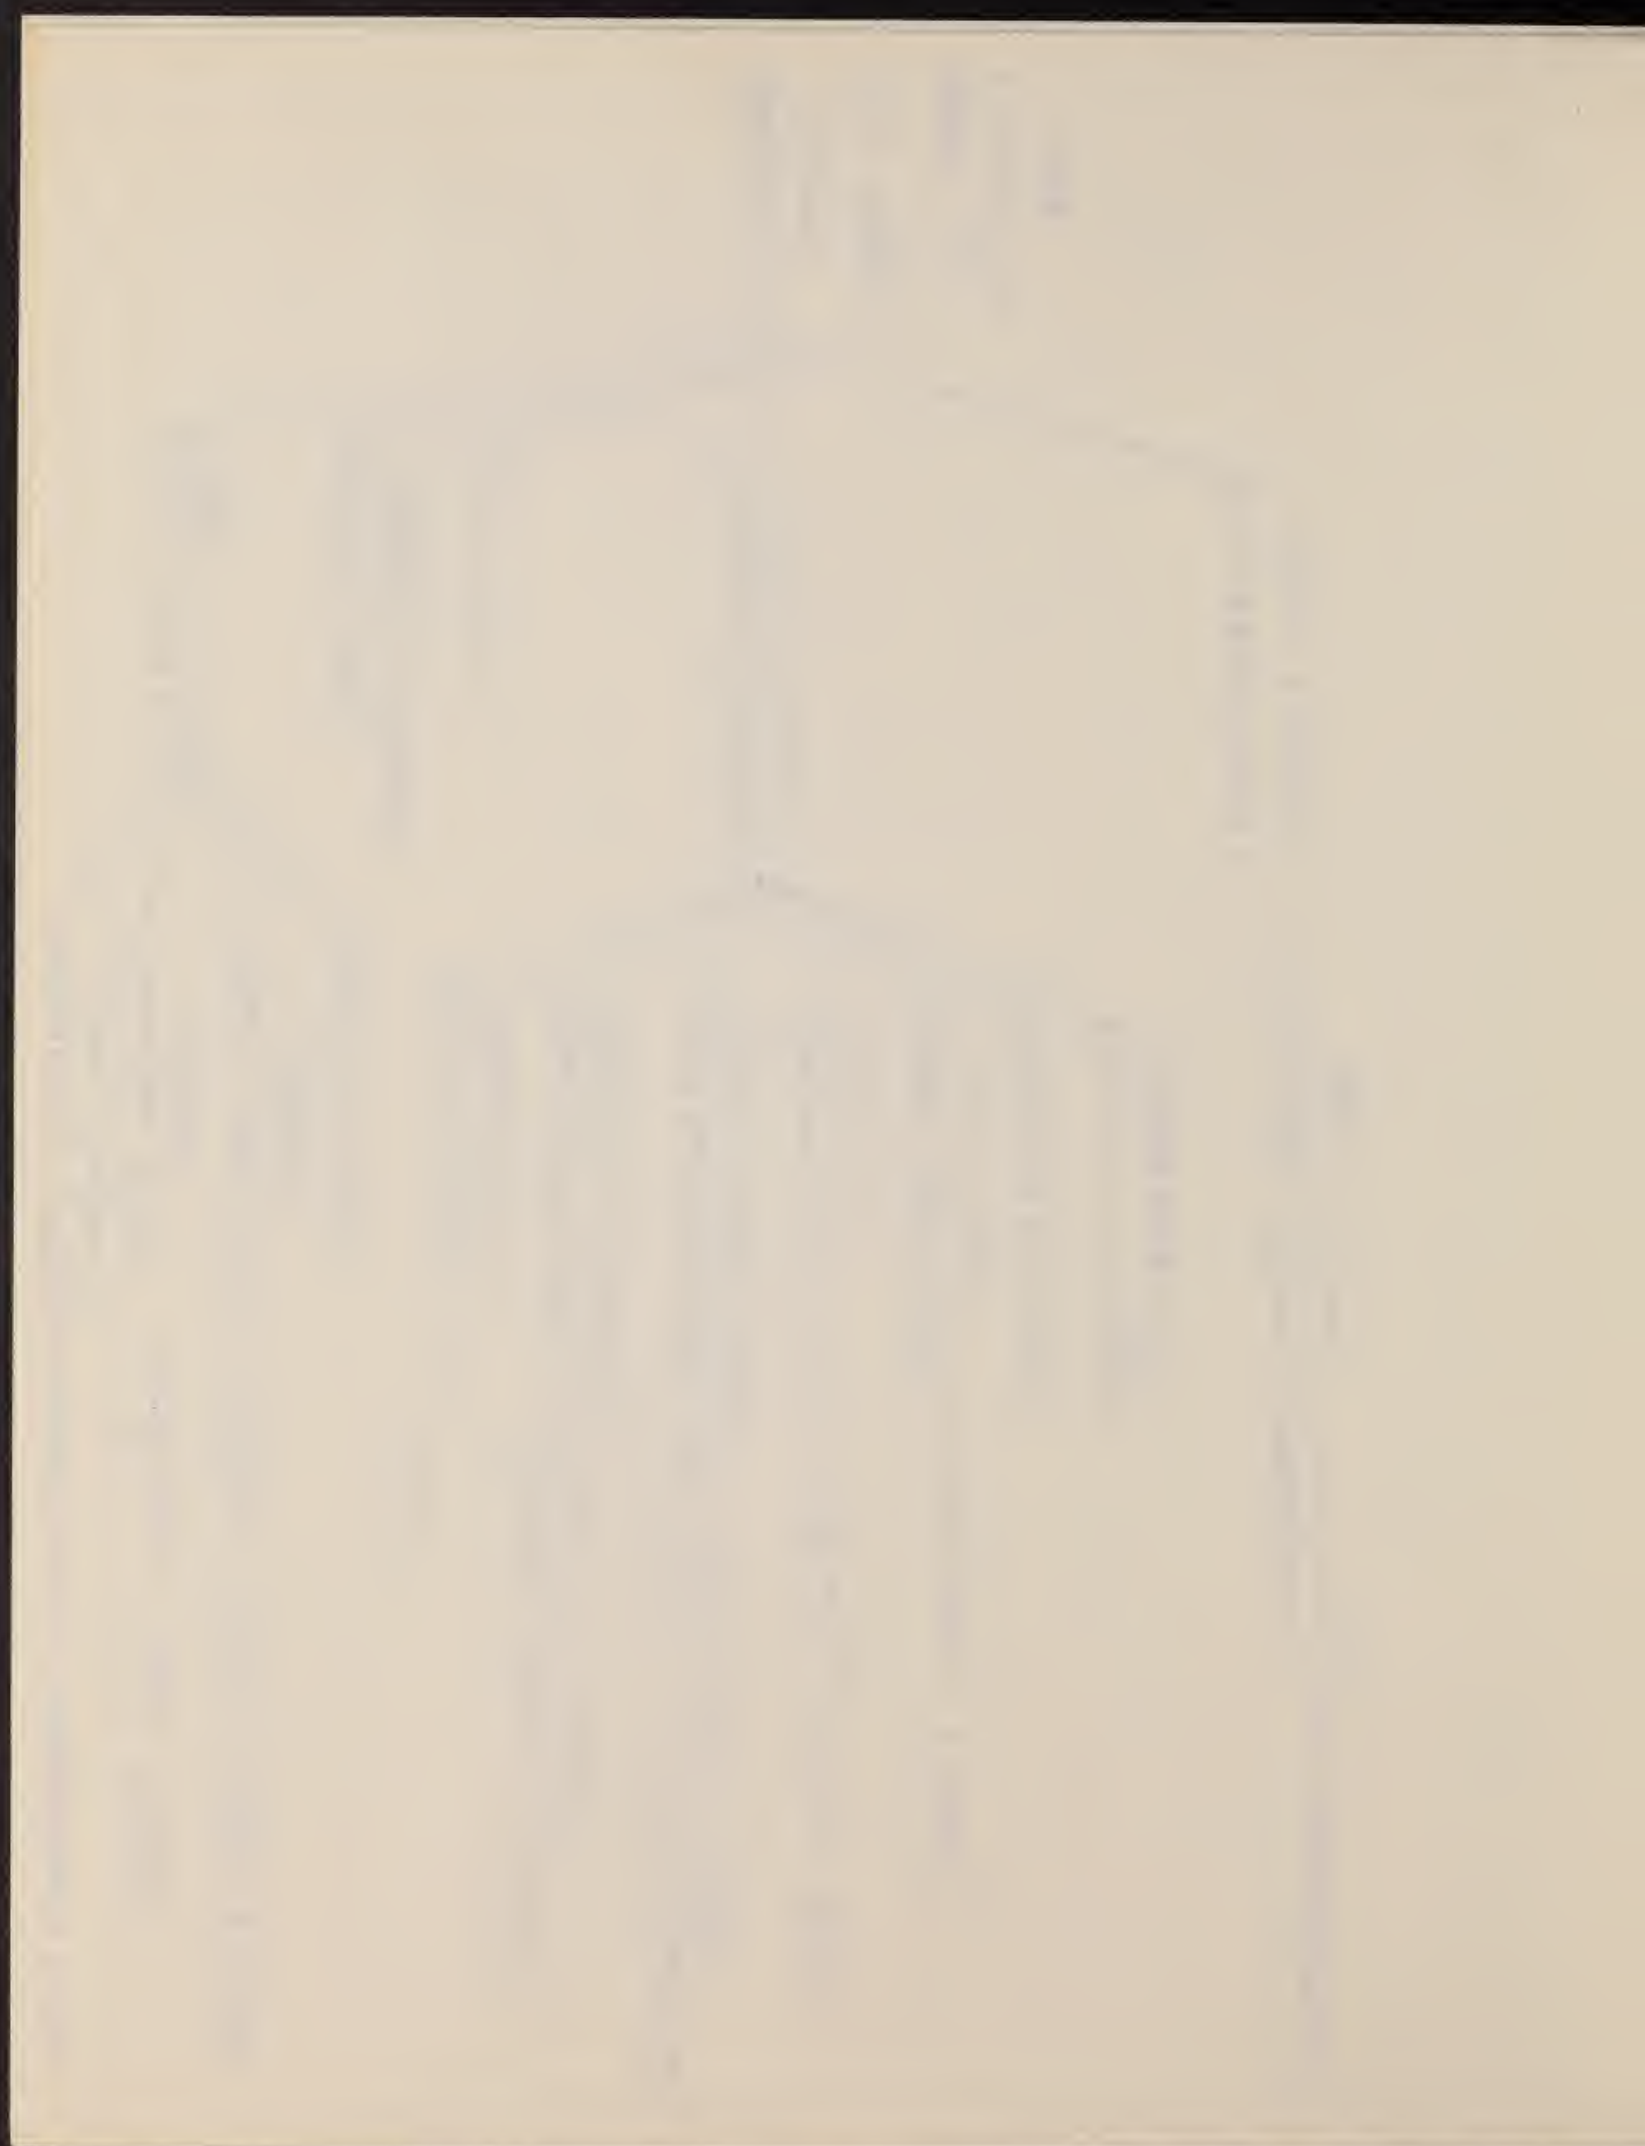

The accompanying charts show the early generations of the families of the three original Lotts. There may be some errors and these are subject to future corrections. However they are as complete and correct as we have been able to make them as of Aug 11, 1972

Dear Dr. Burleigh:

Thank you for your Oct  
24<sup>th</sup> letter to Mrs. Guy W. Thompson  
letting me have a copy -

I did write you some time  
ago & gave a thumb nail sketch  
of my ancestors on the Baker side  
going back to a Charles Guy Baker  
born in Cornwall<sup>out</sup>. 1809. He had to  
have parents but I have no trace of  
them.

However it may be best for  
me to establish the Latt side of  
the family. I was always told  
there were 3 brothers. They came  
from Scotland to the States &

2 then to Canada - They were offered land at York, but they settled on the Trunk of Sydney.

My grandmother Melissa Baker married Andrew Arsin Rott in Oct 1854 in White's Church on the road from Trenton to Belleville.

My last trip east was in 1950 & the church was there - With their new highways I keep hoping they did not destroy this church.

I am one of the last few to establish the family tree & would certainly like to -

Again thanking you. I am

Yours sincerely

Dear Sir:

I have been away on a short vacation and must apologise for delay in replying to letters received.

For your information, I may say that I have a small file on the Lott family. This is available to anyone who wishes to view it. I am too close to after years of ... to be an indulgent correspondent. However, I can get you on another family also interested in the Lott. They are

Mr. W. H. Hapke (Lott) Hart,

501-737-112th Street,

Edmonton, (AB) Alberta.

I can suggest that you get your heads together, and solve your problems by mutual effort and different means. You must know that my Lott file is available to one or both at any time.

Good morning!

Sincerely,

HCB

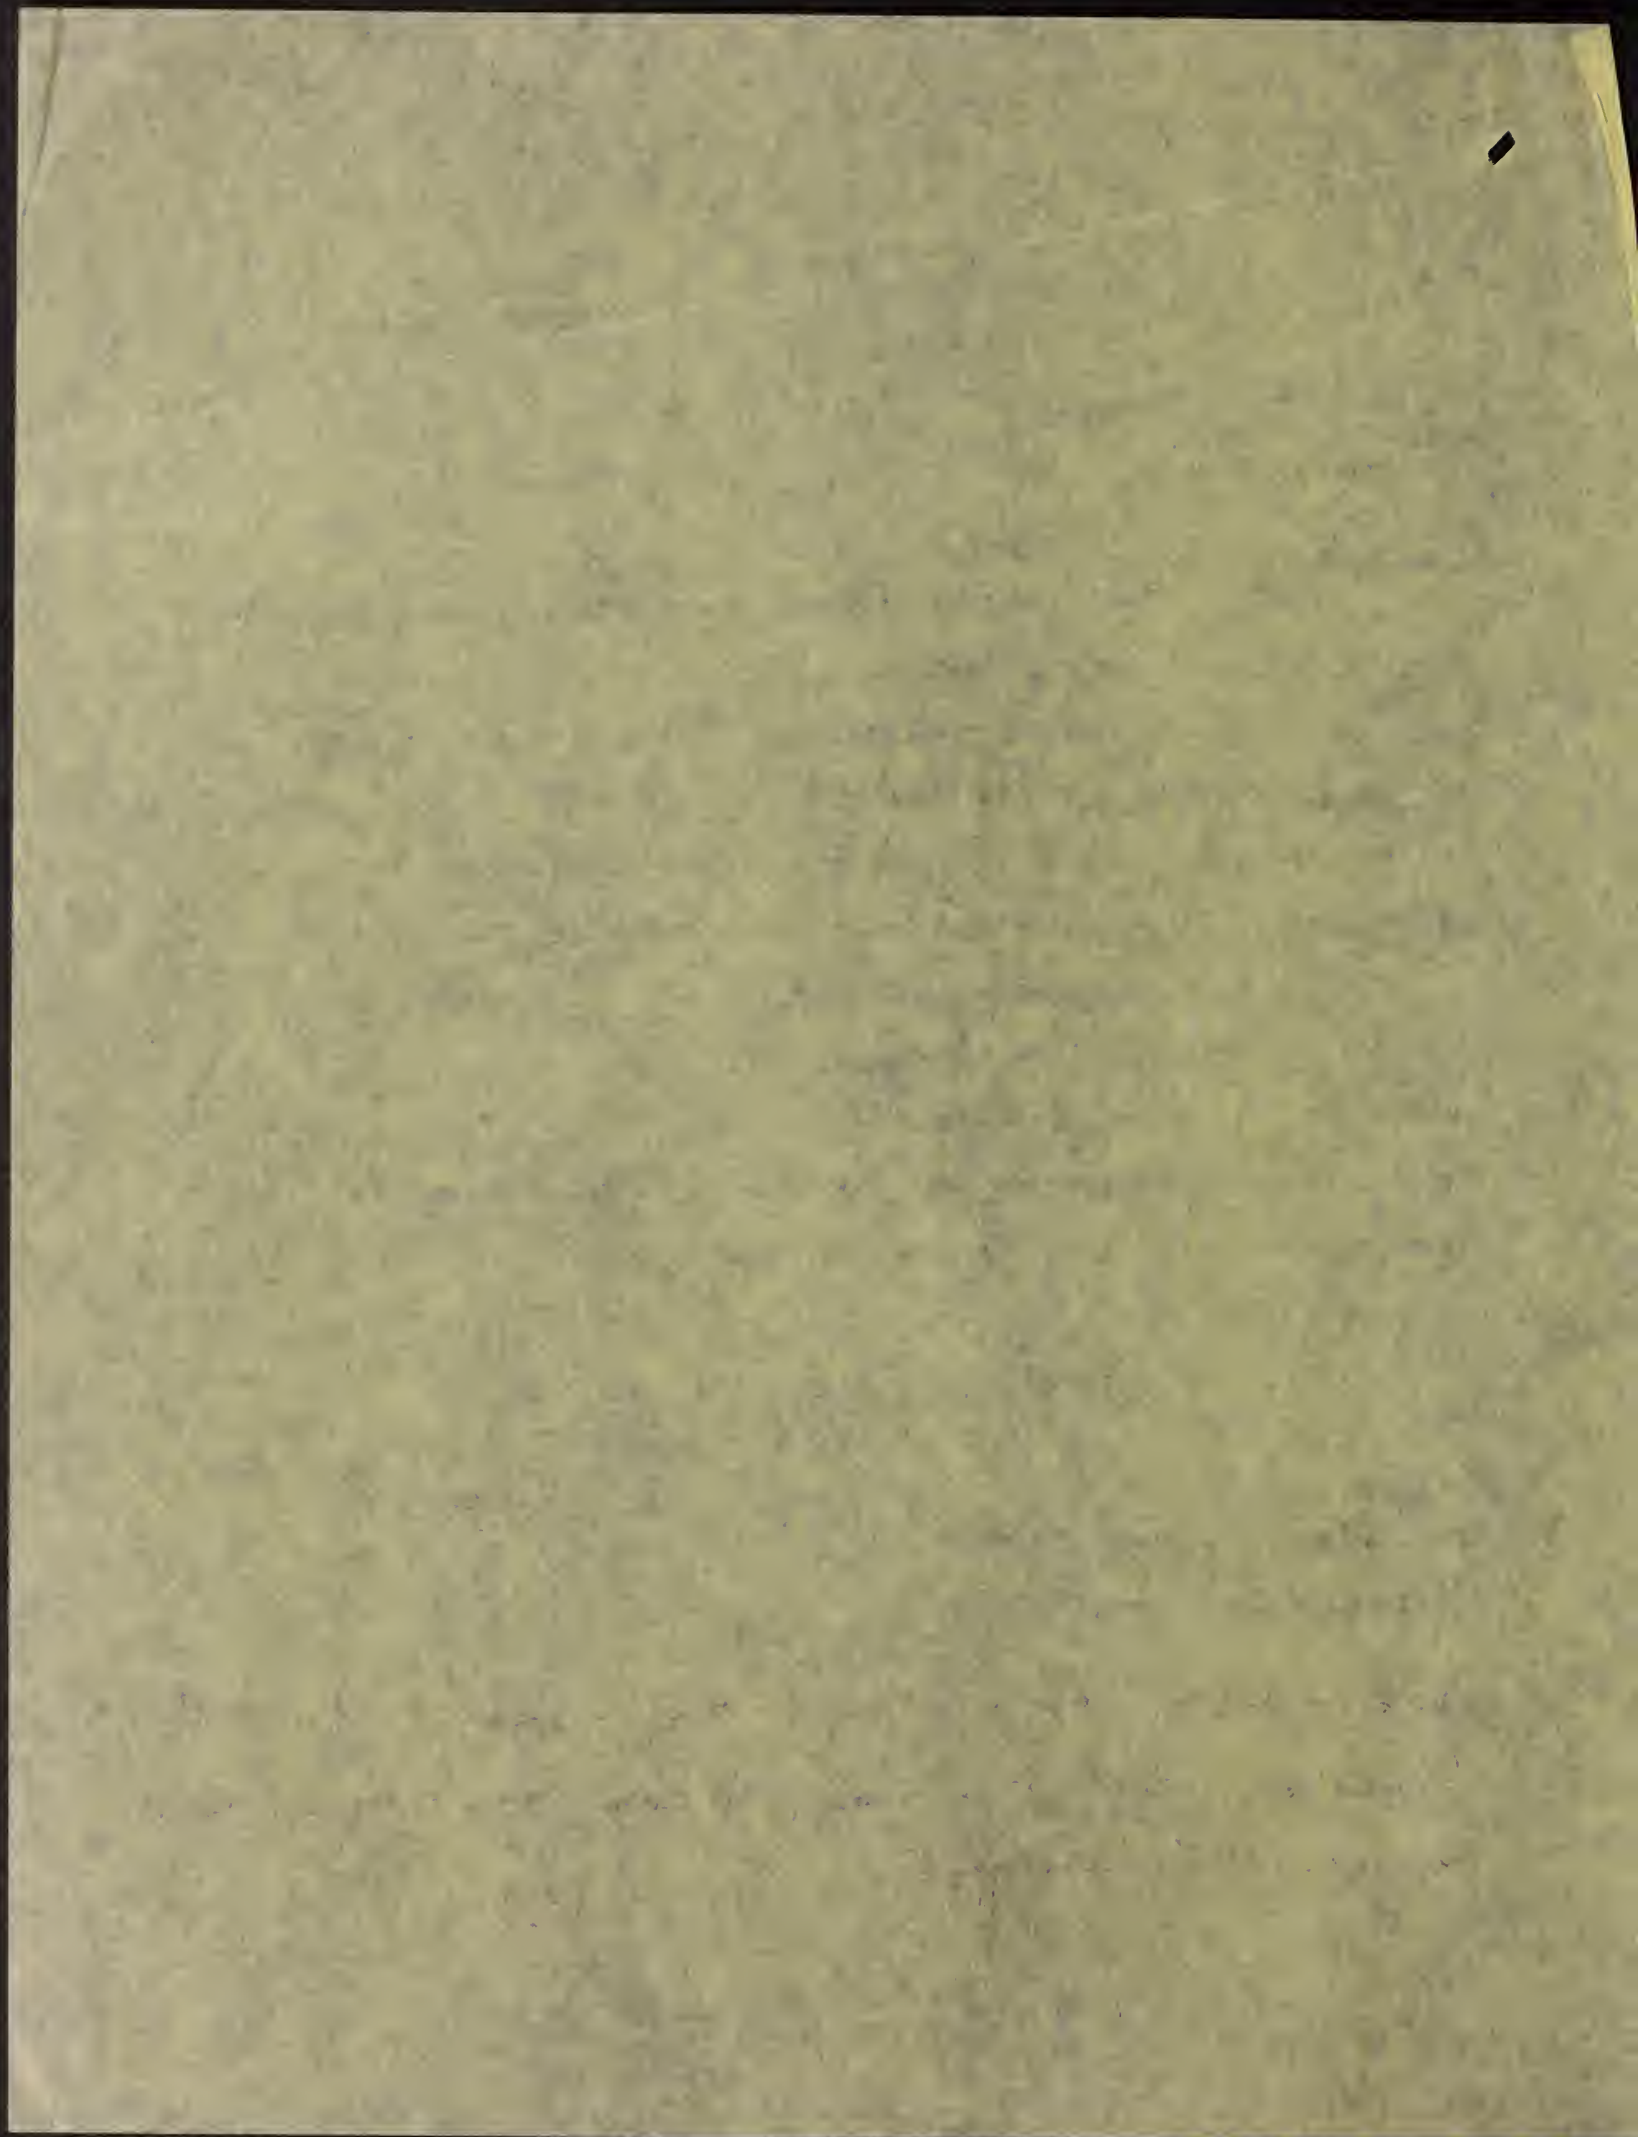

P.S. I am sending a copy of this

letter to Mr. Hart.

Incidentally, I am willing to buy a copy of the Lott Genealogy when it is ready. I saw Genealogies and at present I have fifty

Dear Dr. Burleigh:

Your name and address were given to us by Mr. E.J.Chard of the U.E.L. Association. We had written to him for assistance in our preparation of a genealogy of the Lott family. I have enclosed a copy of the letter which we sent to the Dominion Headquarters in Toronto. It includes the basic background and the questions for which we are seeking answers. (Question 5 has been adequately answered).

We understand that you have various records and sources of information relating to Loyalists who settled in the Bay of Quinte region. We are often in the Belleville area and would be pleased to visit with you or to search any sources available.

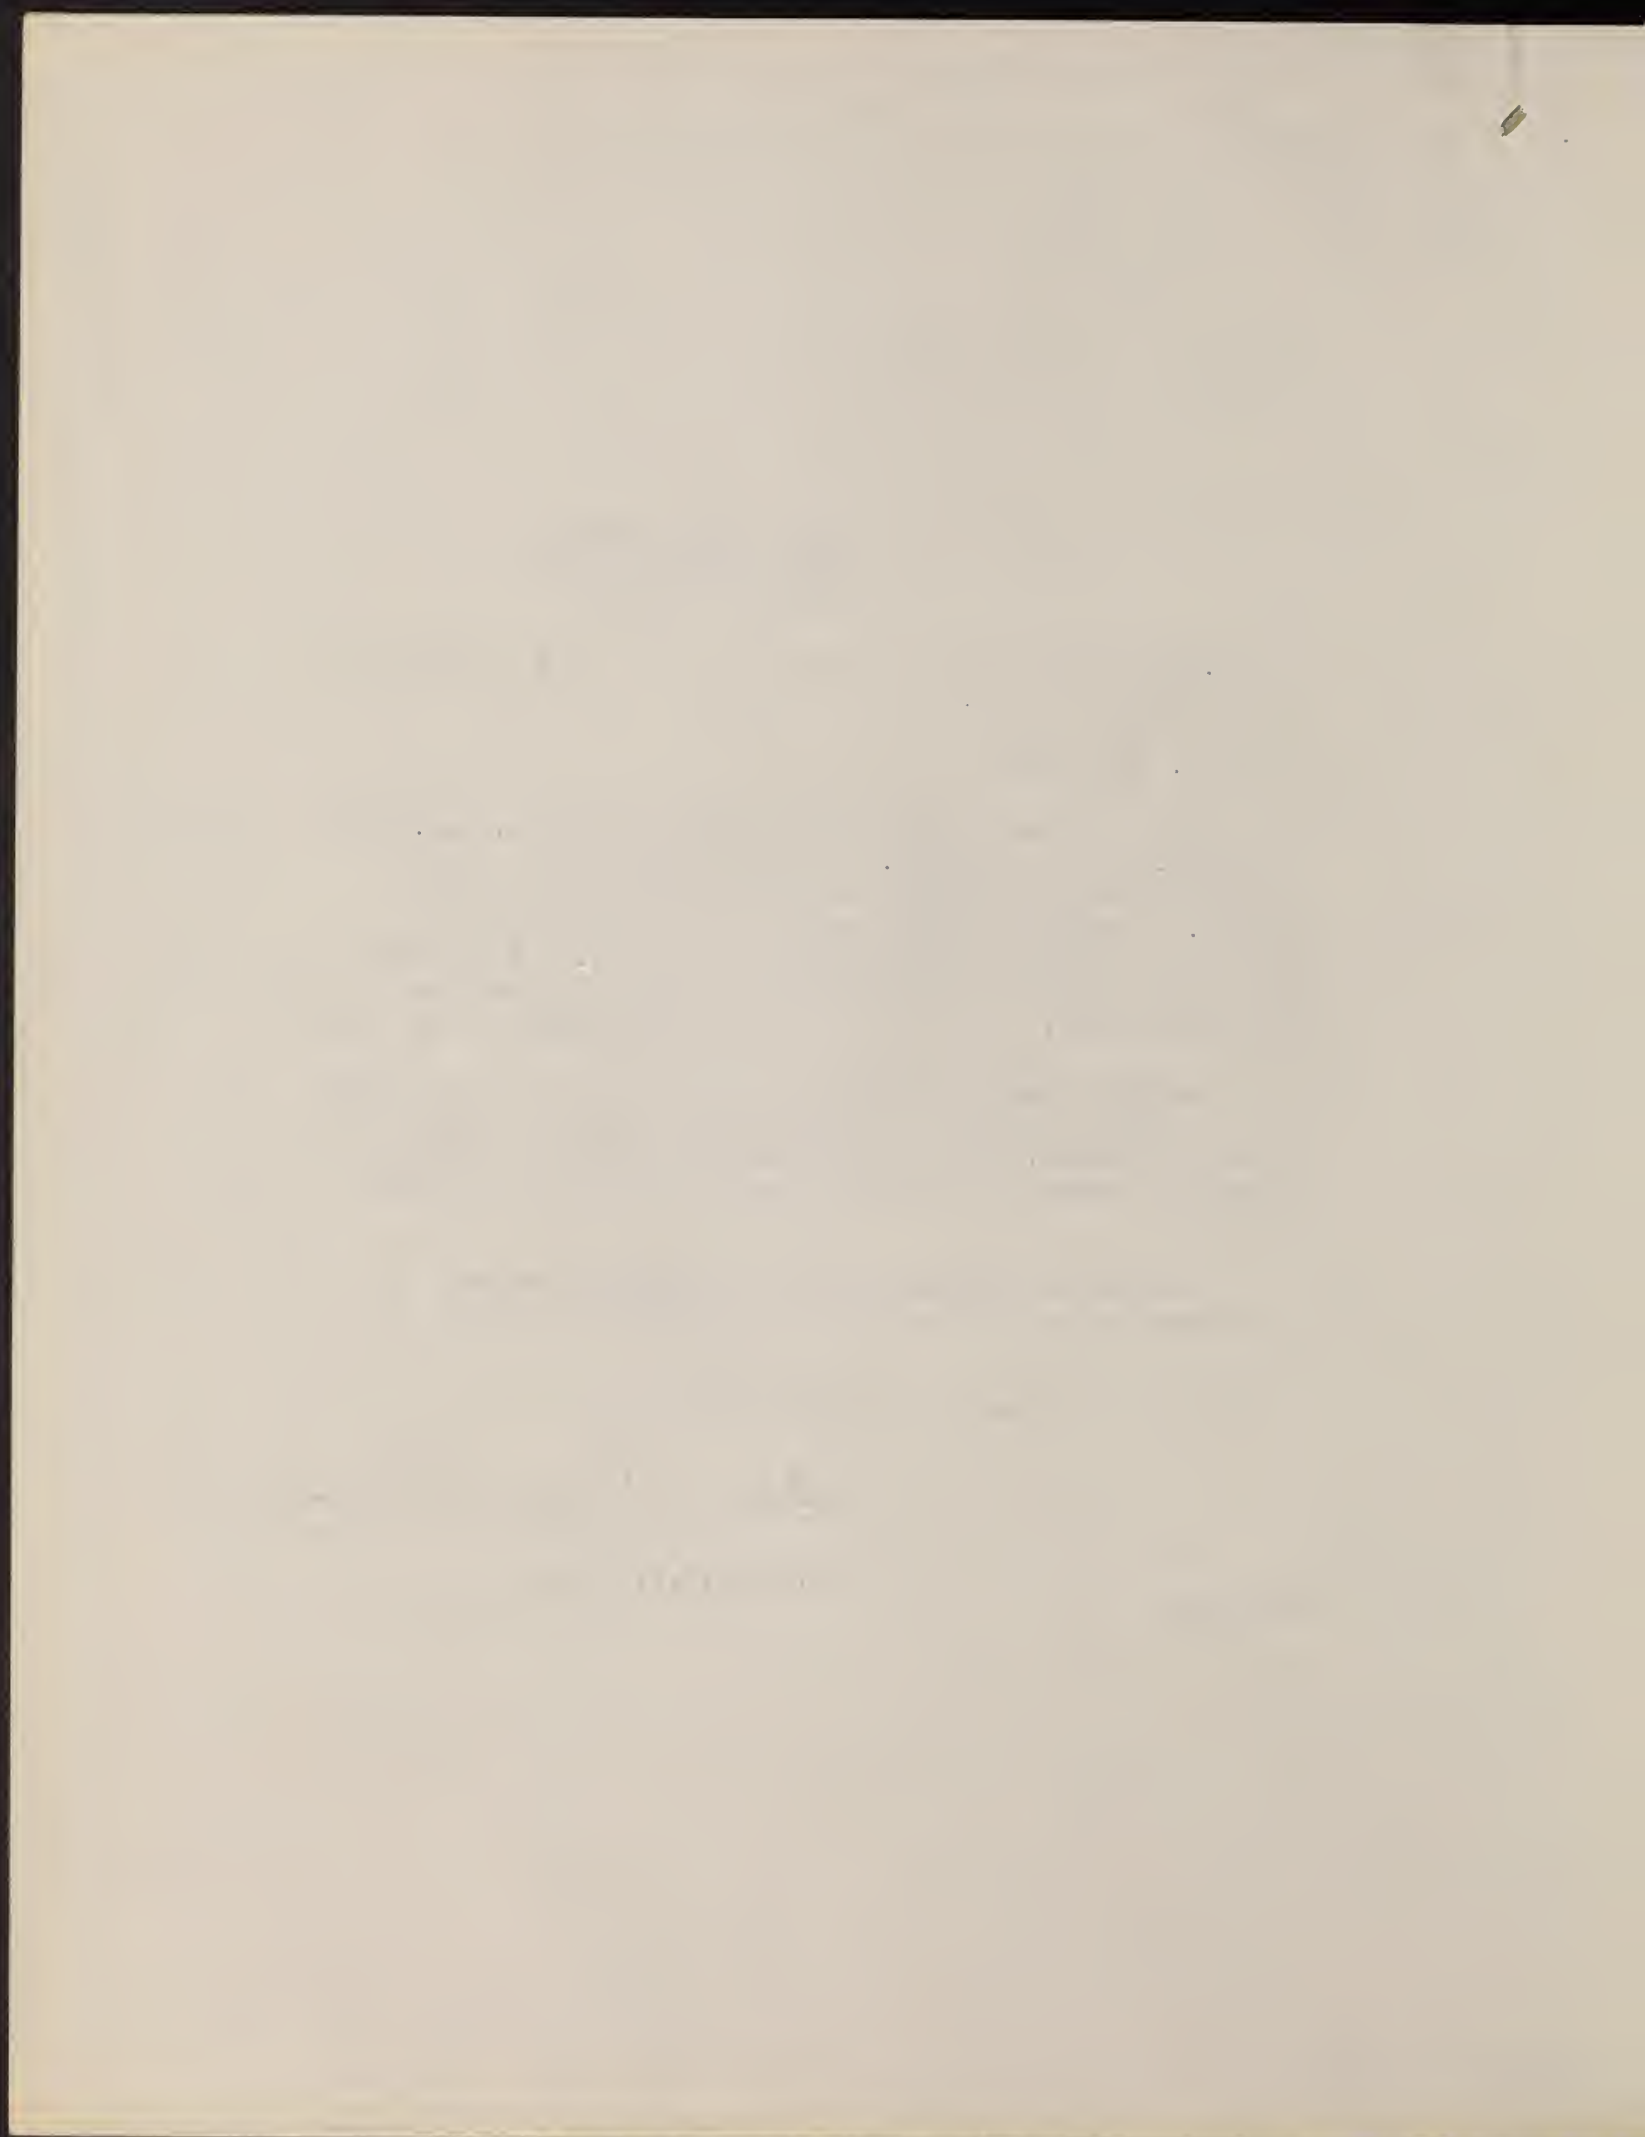

We would be very pleased to hear from you as any assistance or encouragement for our study is most welcome.

Yours sincerely,

*Guy & Doreen Thompson*

Dear Sir:

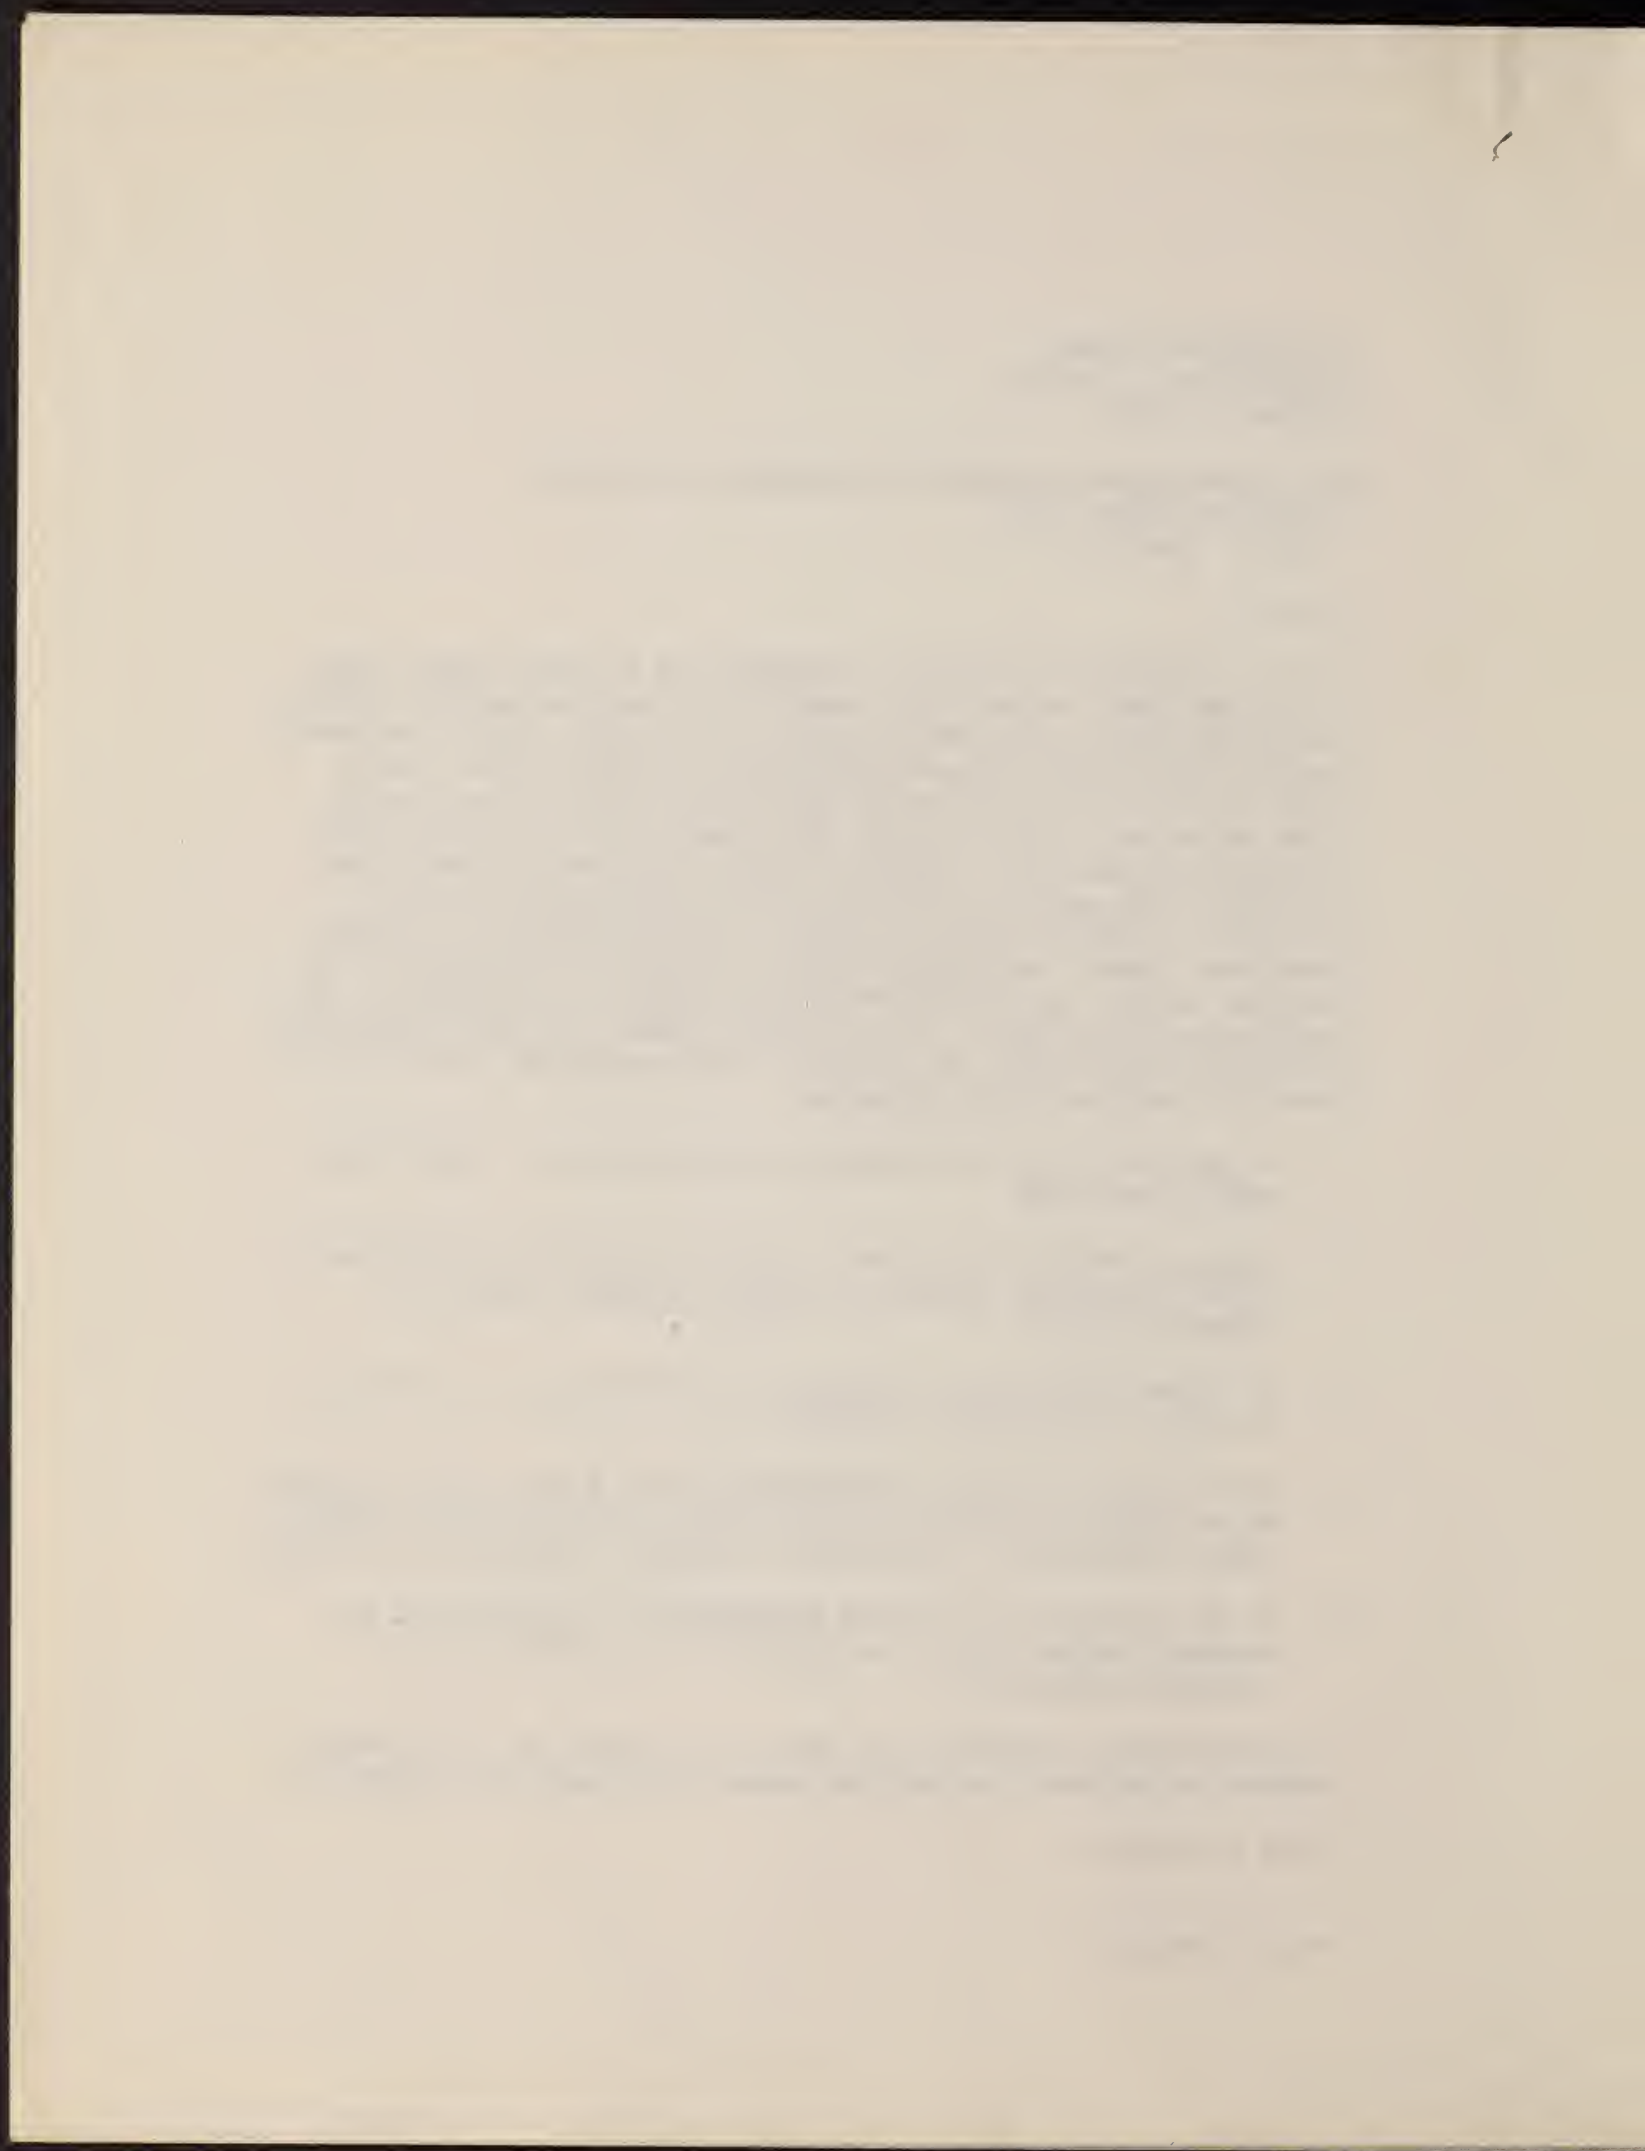

We are attempting to prepare a genealogy of the Lott family whose forefather seems to be a U.E. Loyalist who came to Canada in 1786. In our searches of the Public Archives of Canada and the Provincial Archives of Ontario we have discovered that three Lotts came to Upper Canada from U.S.A. in the 1780's and 1790's, John Lott is referred to as a "U.E.Loyalist" while Andrew Lott and Jonas Lott are called "settlers". We have reason to believe that John Lott with his "wife and six children" was the forefather of most of the Lotts presently living in Canada. The names of his children were John, Peter, Baltis, Margaret, Catherine and Elizabeth. Our attempts to sort out the third generation have been frustrated by conflicting information. We are hopeful that your association may have some records that will clear up the connections for us. Our specific questions are as follows:

1. Do you have lists of children for John Lott Jr., Peter Lott, and Baltis Lott?
2. What information do you have about the parents of George Lott, 1795-1870, Sidney Township, Hastings County, husband of Hannah Barragar?
3. Is there any available background information on the Lotts in New York State prior to 1780?
4. John Lott Sr. was once suspended from the U.E.L. List according to an Order in Council for Peter Lott, 30th Aug.1797. He was later reinstated. Do you have a possible explanation for this?
5. Is it possible for a living descendant of John Lott Sr. to become a member of your association? If so what is the required procedure?

We would deeply appreciate any help you can give us. If extensive research is required we would be happy to do some of it ourselves.

Yours sincerely,

Guy W. Thompson

Dear Dr. Burleigh:

Lt. Col. J.H.R. Thomson, of 835 Rideau Road, S.W.,  
Calgary, Alberta, has asked me to write you, letting him have  
a copy of my correspondence to you.

Tommy says, that you know more about the U.E. Loyalists  
who settled in Ontario than any one else, so I am seeking your  
very kind help.

I know that we are descendents of U.S. Loyalists, and  
I should have taken steps before now to establish this, but I  
didn't, and hope same can be established now.

There are three great ~~Grandparents~~ Grandparents, and  
all of them, and certainly one of them is a U.E. L.

Charles Guy Baker, born in Cornall in 1809. I do not  
have his parents names, but I understand the Bakers came from  
Pennsylvania, to Vermont, and then over to Canada. They are  
direct descendents of the Baker Heir Estate, which claimed  
property in Philadelphia, as when I was young, I wrote letters  
for my grandmother.

Katie Garrison - born in Prince Edward county, 1813  
There are no records of the Garrisons, but there had to be  
parents and possibly grandparents in Ontario.

Andrew Stuart Lott Lived on 2nd Con. of Sidney,  
and I do not have record of his birth, but he was married there  
in 1828. Then I have one newspaper clipping of the Lotts coming  
to Sidney in 1796 - This was recorded in 1947, and of course  
I feel that three Lott brothers came to Canada before that, and  
from the United States.

I would appreciate any information that you may be  
able to find.

Thanking you, I am,

Yours sincerely,

*R. Blanche Hart*

My Grandfather Andrew Orison Lott, had several brothers and sisters,  
brothers were George, Philip and Ransom  
three daughters, have names of two - Mary and Margaret.

From the time I was a child, I was told that my great,great,great grandfather Lott and two brothers, who were originally from Scotland but settled in the States, came over to Canada as U.E. Loyalists, They were offered property at York, but accepted property on 2nd Concession of Sidney.

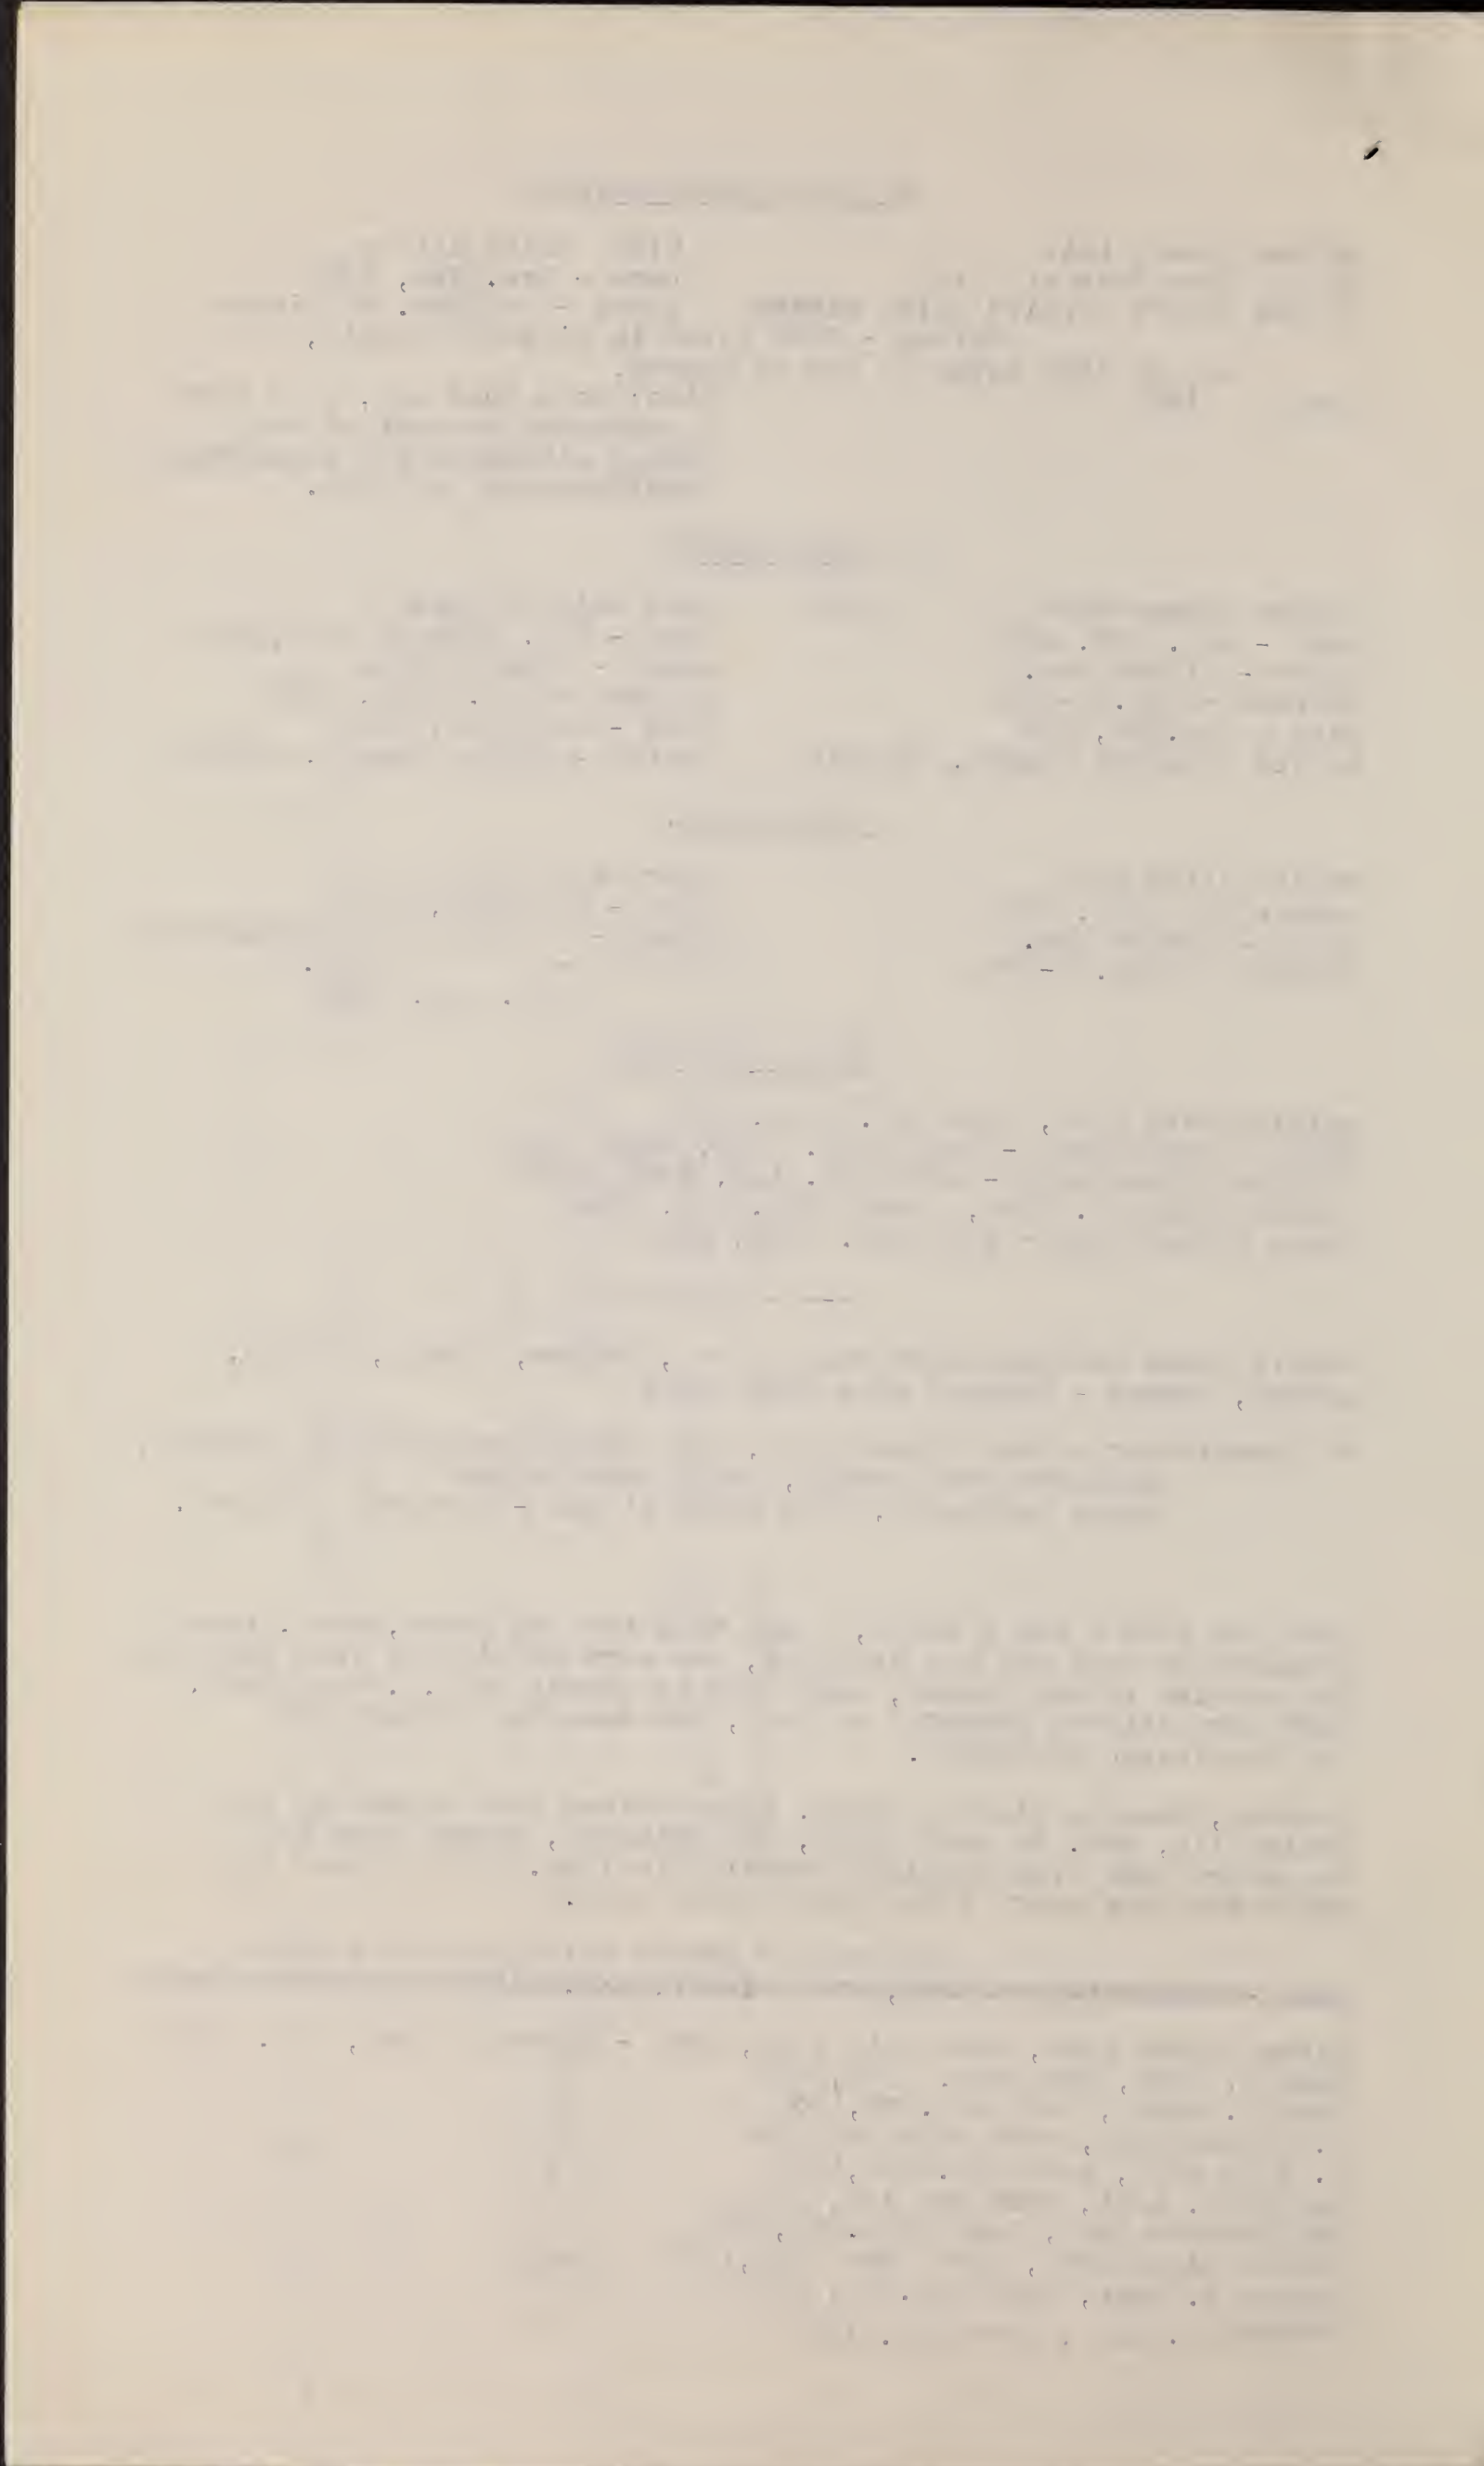

However, when an elderly Uncle, Byron Orison Lott passed on in Belleville, Ont. in April 1947, the obituary, stated that his ancestors came from Scotland arriving in 1796. This does not agree with the story I had always been told.

The first part of the paper is devoted to a discussion of the general principles of the theory of the structure of the human mind. It is shown that the mind is a complex system of interrelated parts, each of which has its own function and its own contribution to the whole. The author then proceeds to a detailed analysis of the various functions of the mind, and shows how they are all interrelated and interdependent.

Dear

We are trying to trace and write up the family history and genealogy of the Lott family from the early 1700's to the present day. We have collected a considerable amount of information from census records, land records, church records, cemeteries and various old books. We now have a fairly complete picture of the first three generations from the original Lotts who emigrated to Canada in the late 1700's. However, confirmations of some connections in these early generations are still lacking.

We would be pleased to receive from you on the enclosed sheets, names and dates of the people in your family as far back as you can trace them. Any interesting details of unusual experiences, occupations or accomplishments would also be appreciated. We are especially eager to discover any details relating to the Lotts who lived before 1880.

Please supply as much information as you can about your family's connections with the Lotts. You could start with yourself, your husband or wife, your brothers and sisters and your children. Then proceed back to your parents, grandparents, great-grandparents, etc., giving brothers or sisters who were Lotts or were connected with the Lotts. Please give for each person:

- full name, including middle names
- dates of birth and death
- name and dates for husband or wife (maiden name for wives)
- place of residence
- occupation.

If sufficient information can be obtained, a complete genealogy will be prepared and made available to all interested persons.

In replying please include the names and addresses of other people who might be able to provide useful information.

Yours sincerely,

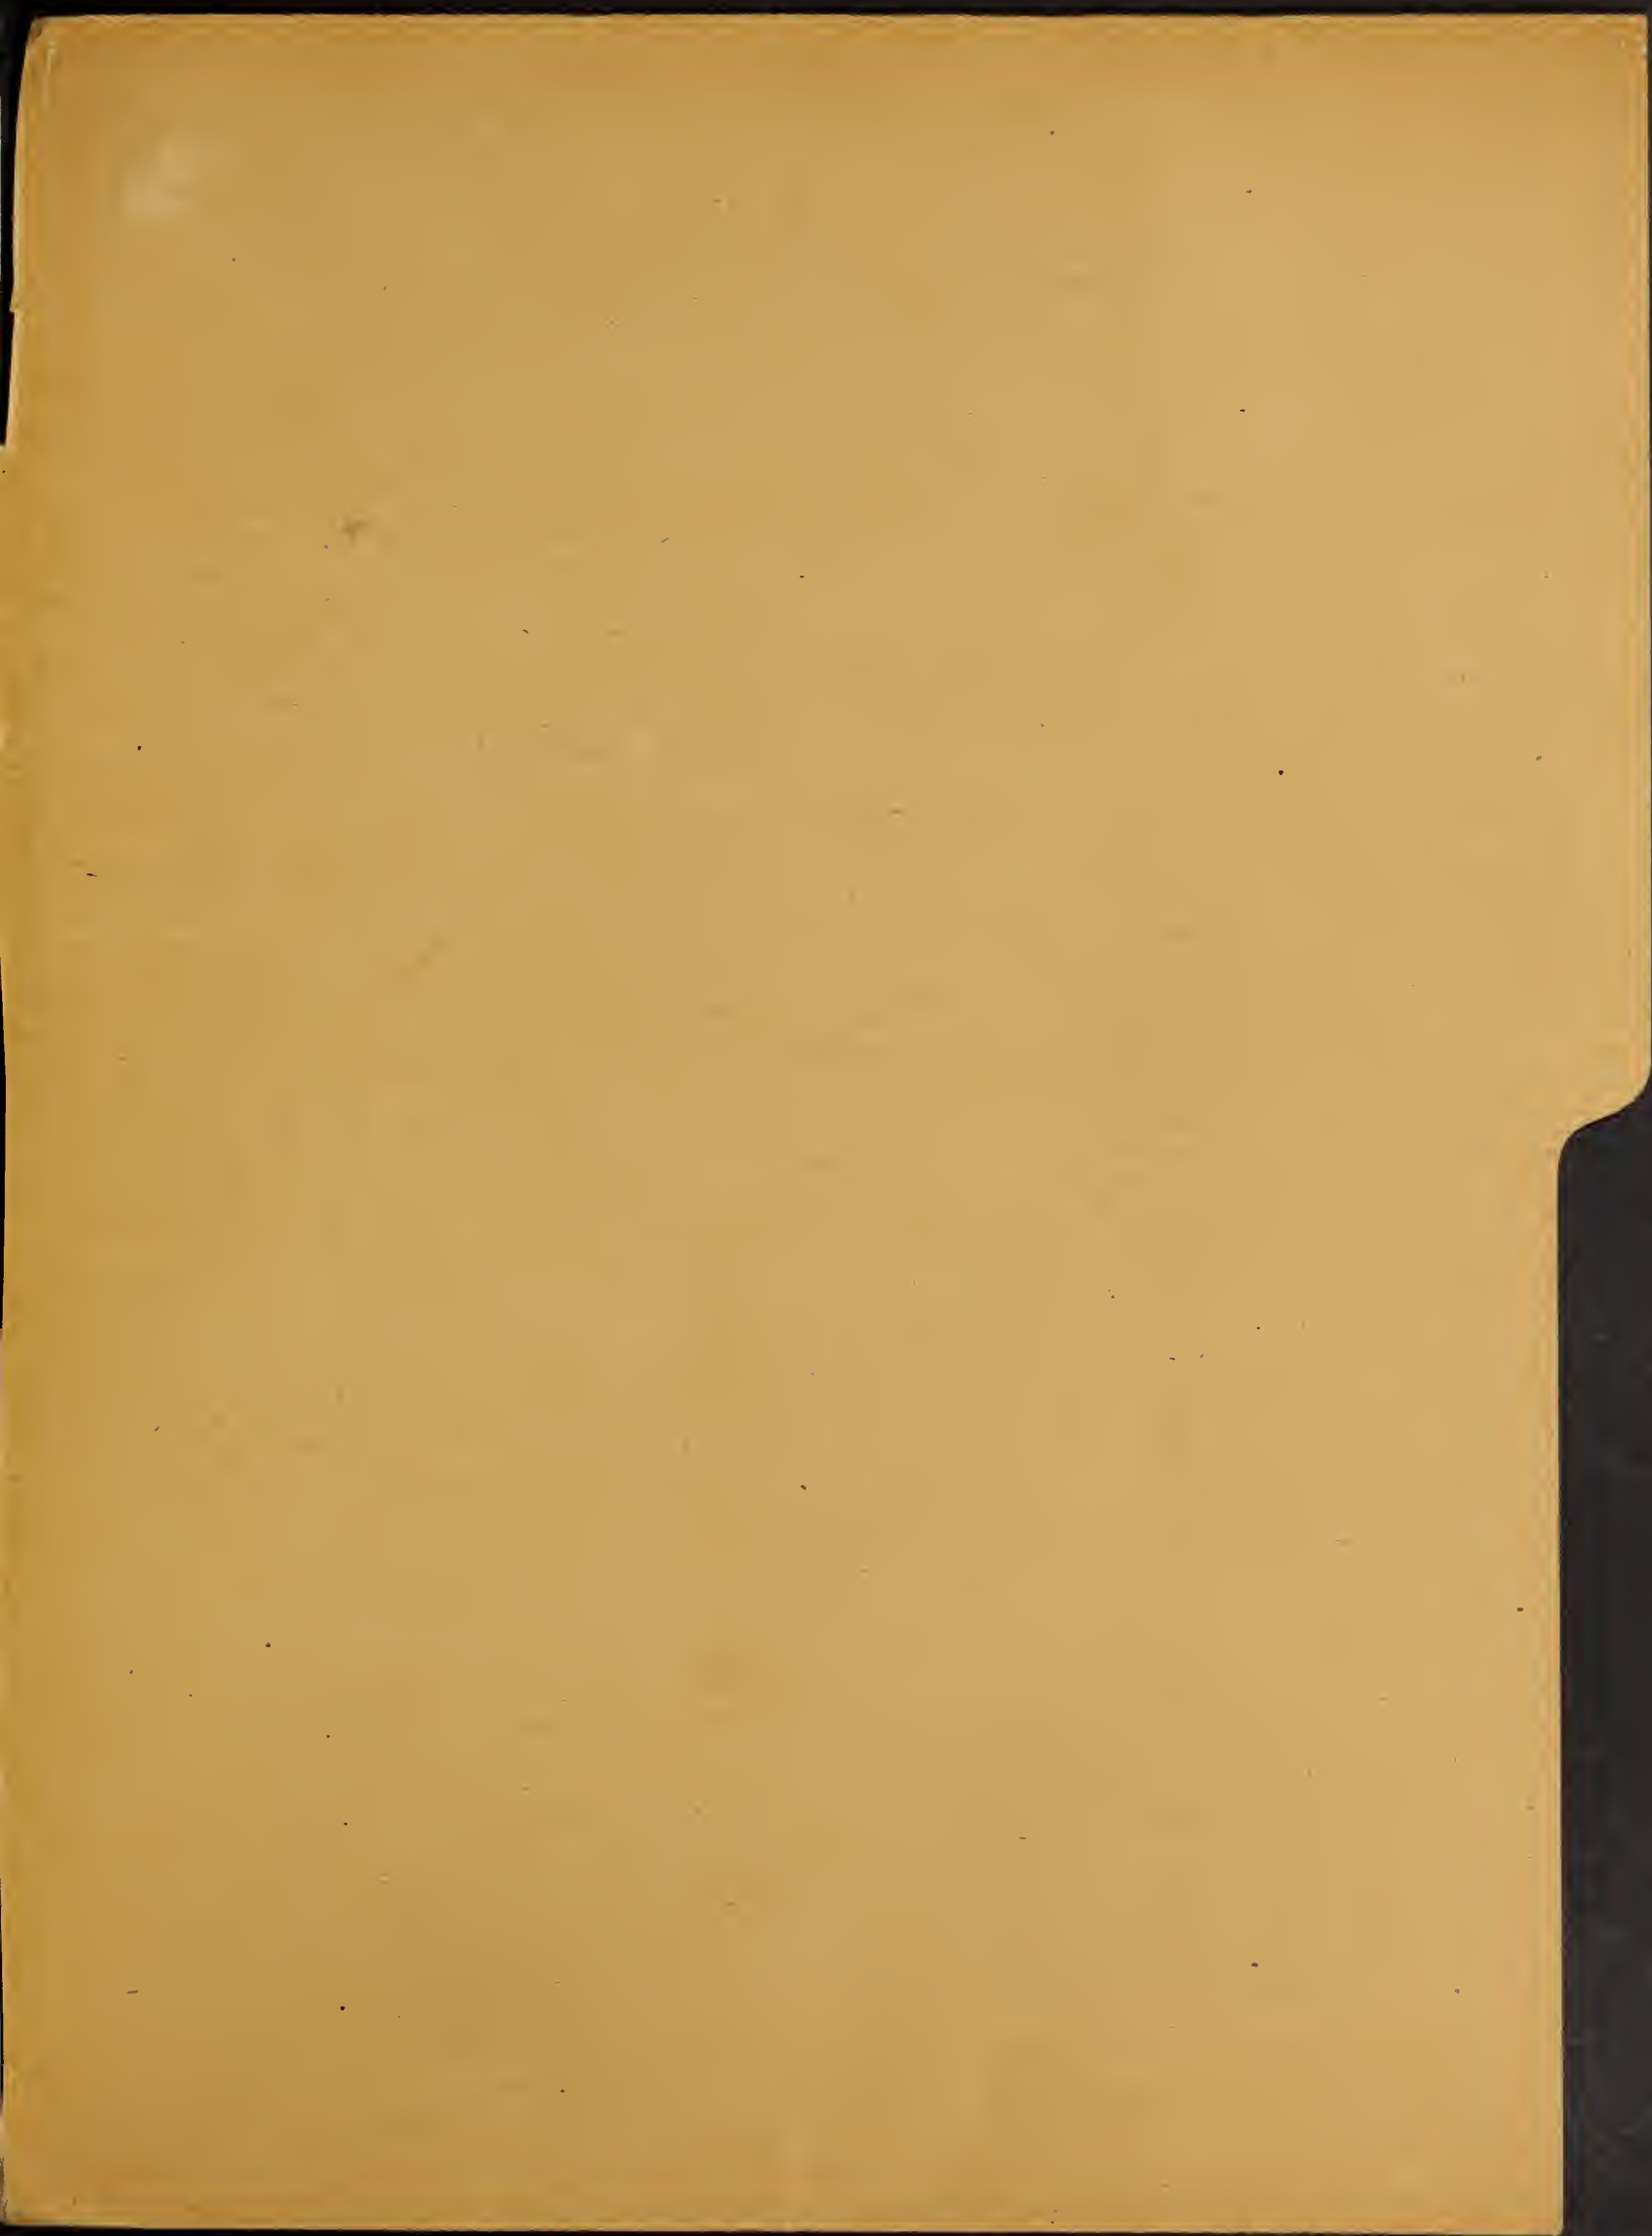

GUY & DOREEN THOMPSON
